

Jasper van der Zwaan

*A seasoned digital marketing professional
with global experience*

PROFILE

I am a seasoned digital marketing professional with extensive global experience in building, maintaining, and running successful digital, and traditional marketing campaigns.

Over the past 20+ years, I have implemented numerous large scale projects, including, websites, mobile & desktop applications, email campaigns, corporate branding, and omni-channel marketing initiatives.

I bring a rare amount of knowledge in visual design, user experience, typography, color theory, and creative problem solving skills to any business and/or clients I work with.

I have worked in various highly regulated industries, including; advertising, education, medical, insurance, finance, and mortgage origination.

I have extensive experience in usability, design iteration, A/B & multivariate testing to measure, and improve the performance of various web applications. I use artificial intelligence to help with research and ideation.

I'm able to take a vague concept on a napkin or formal requirements to a successful marketing strategy or product experience.

Experienced with Adobe Creative Suite (Photoshop, Illustrator, InDesign, DreamWeaver, Premiere Pro & After Effects), Jira, Figma, Adobe XD, Sketch, InVision, Zeplin, Salesforce, SFMC, and most other mainstream CMS/CRM tools.

Building strong, trusting relationships with peers and executives is vital to my approach. I have a proven track record in leading remote, off-shore, and in-office teams. Committed to lifelong learning; I continuously update my skills and sharing my accumulated wisdom whenever possible.

Besides mentoring my professional peers, I have also mentored minority high school students in graphic design, typography, photography, and internet skills.
